

BUFFALO- GIJÓN

EXCHANGE

NICHOLS - JOVELLANOS, JIMENA HIGH SCHOOLS

September 2009

Our experience in the U.S. was very interesting and we had a lot of fun there.

The days we spent in New York were really exciting. We visited the Empire State at night, we took a limousine back to our hotel and went through the city.

We also spent a day in Central Park and it was amazing!

The best part of the exchange was living in a different family who had a different culture. Everything was different from Spain.

This trip was the best one in my life and I think that if you go there, it will be the best time of your life, too.

Silvia García Núñez (1º2)
